

Enjoy **comfort**

Short to be handy, wide to be comfortable, and tall for easy entry. The XD electric city car provides you with an all new driving experience. A driver oriented cabin with plenty of room for three adults, electronic power steering, large touch screen displays with cockpit displays, infotainment (car stereo with radio, RDS, CD/MP3, DVD, navigation, Bluetooth), integrated electronic parking brake, pretension seatbelts, and 360° airbags are only some of the numerous enjoyable features of the XD – a comfortable and easy to drive electric vehicle.

Be **zippy**

Emotionally designed and powerfully constructed, the XD is your contribution to clean air and zippy city transport. In a traffic jam you can choose the economy driving mode by reducing the power consumption. On highways, you can switch to sport driving mode and enjoy very fast acceleration (0-100km/hr in 7,7 seconds). With a driving range of 200-250 without recharging, the XD will cover even your most demanding daily driving city needs with a recharging price of only 2 Euros.
